## BOOMERS HAPPY.

**They Can Scarcely Wait for the Opening Day.**

**JOLLIFICATIONS THROUGHOUT THE SOUTHERN PART OF KANSAS**

Over the Proclamation of President Harrison—Soldiers Scouring the Country to Help the Boomers Out—Trouble Anticipated—Final Surveys for a Railroad Being Made.

WICHITA, Kan., March 29.—The long looked for proclamation for the opening of Oklahoma was received here with demonstrations of great joy. Flags were hung from buildings, cannons were fired, and bonfires built. The same enthusiasm welcomed the news all over South Kansas. Extensive preparations are being made for entering the country, and some of the towns of Southern Kansas will almost be depopulated.

The boomers who have been camped along the line are making ready to move. The cattlemen are hurrying on to Oklahoma to get their cattle, as they fear violence to stock and property from their deadly enemies, the boomers. The soldiers have left Oklahoma City. The boomers made bold to come out of their concealment in the woods to hear the news. The crowd kept on swelling in size and it was estimated that there were 800 persons that rejoiced over the news.

Col. Summers received from Col. Wade, at Fort Reno, the new orders from Washington, and posted them up in the Oklahoma depot. They were that every person must immediately leave the country, and that the names of those found would be taken and kept to defeat future filing. Soldiers had left Fort Reno the night before, and are advancing to Oklahoma City, scouring the country as they advance.

As soon as the order was posted many commenced leaving; but, by the time the train reached Guthrie, the news of the issuing of the proclamation was received, and they alighted to join the boomers here in their celebration and to be near to their claims.

At Purcell their was the same wild enthusiasm, only by greater numbers. Claims are being rapidly taken up, and there is hardly a good selection of land that has not one or more claimants.

Fights are daily occurring. Tuesday night a Swede from Cold Harbor, Kan., while contesting a claim twenty-four miles west of Oklahoma station, was fatally shot by his opponent. The poor fellow's eye was blown out, and his face filled with buckshot. He was brought to Arkansas City to a surgeon, but died after being taken from the curb. His friends, fearing the effect of having their names made public, gave out that it was an accident.

Men have already sold their rights to claims for \$400 and \$500. A boomer arriving from Oklahoma says the country is full of people, that the number is constantly increasing, and that he believes it is impossible to keep them out.

### A Railroad on the Way.

TOPEKA, Kan., March 29.—Immediately upon the announcement that the president had issued the Oklahoma proclamation officials of the Rock Island railroad and a corps of engineers started from this city to make the final survey for the extension through the Indian territory. The road is built as far south as Pond creek, some twenty-five miles below, in the Cherokee strip, at which point construction will begin.

The proclamation by which Oklahoma is opened designates Kingfisher as the land office for the Western district. This is at present a stage station, situated on Kingfisher creek, a southern tributary of the Cimarron. It is on the projected line of the Rock Island and some ninety miles south of the Kansas line. It is stated that the railroad company will push its lines to Kingfisher as soon as possible. It is not at all likely that the extension will stop there, as Fort Reno is but a score or so of miles farther on, at which point there are 600 to 800 troops stationed, which will create a demand for supplies and transportation.

### A BUNGLING JOB.

A Disgraceful Scene at the Execution of Francis and Turney in Tennessee.

LEBANON, Tenn., March 29.—Mark Francis and Jim Turney, both colored men, were hanged Wednesday for murder. Their crime was one of the most cold-blooded nature, they having shot to death a half-witted young colored man solely for the purpose of robbing him of \$7, which they had seen in his possession at church. They followed him along a lonely road and both emptied their pistols into his body. They were overheard plotting the crime, and their conviction was easily secured.

Both, however, denied their guilt, and up to Tuesday afternoon, when Francis made a full confession to his religious adviser, they had hoped for executive clemency. Francis also confessed to murdering a peddler some time ago and burying his remains under a tree. The hanging was one of the most disgusting that has been witnessed in Tennessee in a long time.

The drop fell at 12:15, and Turney's neck was broken, he dying instantly. Francis, however, was not so fortunate. The rope had been tied bunglingly around his neck and slipped under his chin and so that he had no difficulty in breathing and did not strangle. He was allowed to hang and groan for several minutes. The execution occurred in a pen sixteen feet square and fifteen high.

### THE FIRE RECORD.

Heavy Losses at Pittsburgh and Scranton, Pa.—Fires Elsewhere.

SCRANTON, Pa., March 29.—The massive store building on Wyoming avenue, known as Library Block, occupied by Cleveland, Sampson & Taylor, dry goods, and a number of lawyers and insurance agents, was gutted by fire Wednesday night. Cleveland, Simpson & Taylor's stock of dry goods was valued at \$300,000, but their loss is probably

covered by an insurance of \$100,000 on the building and contents. The loss to other occupants of the building will aggregate about \$20,000.

The carpet and wall paper establishment of Williams & McNulty, adjoining the burned building, was badly damaged by fire and water.

The library block is owned by Cleveland, Simpson & Taylor, and the H. S. Pierce estate.

### Pittsburg Foundry and Machine Shop.

PITTSBURG, March 29.—The foundry and machine shop of McIntosh, Hemphill & Company, covering the block between Twelfth and Thirteenth streets and Pike street and the Allegheny river, was almost wholly consumed by fire Wednesday morning. It is thought that the fire originated in the cupola over the ingot shop. Two firemen were caught under the timbers of a heavy crane, overthrown by a falling wall. Fireman Harvey, of the Seventh avenue engine company, was probably fatally injured. The other fireman was not seriously hurt. The latest estimate places the loss at \$110,000; insurance \$100,000.

### Kenney, Illinois, Almost Wiped Out.

BLOOMINGTON, Ill., March 29.—The president of the town board of Kenney, Ill., which was almost destroyed by fire Wednesday night, involving a loss of \$100,000, telegraphs to the mayor of Bloomington asking for pecuniary assistance, and stating that many are houseless and homeless and devoid of food and clothing. The mayor has called a mass meeting for the purpose of raising money to send to the afflicted town.

### In a Louisville Millinery Store.

LOUISVILLE, Ky., March 29.—At 8:50 Wednesday night fire was discovered in the rear cellar of Nos. 420 and 422, West Main street, occupied by Reiser & Company, milliners, causing \$30,000 damages to stock, and \$12,000 to building; fully insured. The adjoining building occupied by Hewitt, Field & Company, sustained a damage of \$5,000, also fully insured. Origin of fire unknown.

### A Nashville Range Works.

NASHVILLE, Tenn., March 29.—The Tennessee Range and Manufacturing company's works were destroyed by fire early Wednesday morning. Loss, \$45,000; insurance, \$23,000. Origin believed to be incendiary.

### Hotel at Olean, New York.

OLEAN, N. Y., March 29.—The Corry house in this place was burned at an early hour. But little of the contents was saved. Loss about \$10,000.

### MURDER OR ACCIDENT?

Mutilated Body of a Drummer Found Near Muncie, Indiana.

MUNCIE, Ind., March 29.—Tuesday night, about 8 o'clock, Harry Bateman, a traveling man, of Fostoria, O., went to the livery barn of Collins & Long and procured a horse and buggy, saying that he wanted to drive about four miles in the country. Early Wednesday morning his body was found near the Bee Line railroad, one and a half miles from town, with his head severed from the trunk and both legs cut entirely off.

There was a contusion on his forehead made by a blunt instrument, which gives cause for the theory that he was murdered and then placed on the track, to make it appear that he had committed suicide. When found he had on his person \$1.80 and a United States express receipt, showing that he had sent yesterday sent \$4 to the secretary of the United States Accident Insurance company, of New York city.

The evidence that corroborates the theory of murder is that he wore a light colored overcoat when he left the city, but when found the coat was missing. The horse returned to the livery barn forty minutes before the train mangled his body. The police are doing all they can to ferret out the mystery.

### Experiments in Steel Manufacture.

PITTSBURG, March 29.—A number of gentlemen from Louisville, Ky., have spent some days at Homestead steel works of Carnegie, Phipps & Company, with Benjamin Catley, of this city, making experiments with the Redman-Tilford process of manufacturing steel, which it is said will revolutionize the process of steel making in the near future. The gentlemen are negotiating with the Carbon Iron company for the purchase of the steel plant lately owned by Messrs. Graff, Bennett & Company, which will be removed to Louisville to fully demonstrate the value of their invention. Mr. Catley is well acquainted with their requirements, and advised the purchase of this machinery, having managed this mill for a great number of years.

### INDIANA WHITE CAP CASES.

Opening of the Cases at English—Unable to Secure a Jury at Leavenworth.

ENGLISH, Ind., March 29.—Judge Reinhardt called court to order Wednesday morning, and the eleven White Caps under indictment answered to their names. One hundred and fifty witnesses were called, many of whom did not answer. Clementine Goldman, one of the prosecuting witnesses, was reported sick and unable to appear, and the court sent a bailiff and a physician after her. Court adjourned to convene again when the bailiff returns.

### Can't Get a Jury at Leavenworth.

LEAVENWORTH, Ind., March 29.—Wednesday was spent in an effort to get a jury in the White Cap case, but without success. The jurors are required to swear that they have not formed an opinion and that they are not White Caps and are not in sympathy with the organization.

### Inhuman Captain Convicted.

BALTIMORE, March 29.—Capt. Noah Ward, master of the schooner "Kate Darling," was Wednesday convicted of cruelty to seamen and remanded to jail to await sentence. Sailors swore that his usual argument was a handspike, and that he ruled his craft in the most inhuman way.

### At Three Dozen Boiled Eggs.

WINCHESTER, O., March 29.—All Fenton, a prominent silversmith of this place, went home Tuesday evening and complained of being very hungry, not having eaten much for some days. He boiled and ate three dozen eggs for supper, and felt no inconvenience from the overdose. Fenton has had quite a reputation as a big eater, and carried the belt here for years.

## AMERICAN PORK.

**France Likely to Adopt Measures to Exclude It.**

**YANKEE HAMS BRING THE HIGHEST PRICES IN THAT COUNTRY.**

The Same May Be Said of Germany and England—John Bull Alarmed at the Invasion—Our Dakota Tin Mines Also Disturb Him—The Austrian Emperor Failing in Health—Notes.

LONDON, March 29.—It is now pretty certain that a measure which has been delayed by the copper flurry will be urged in the French chamber as soon as is thought advisable. The rural deputies, egged on by their constituents, have succeeded in partially excluding American pork, lard and other hog products, thus raising their price for the benefit of the French hog raiser.

The enemies of the American pig, in justification of their course, circulate every now and then through the press dire stories as to the diseases produced among innocent consumers, stories probably libelous, as the smuggled Yankee porker brings the highest market prices, although sold altogether as a French product.

The same state of things exists in Germany, while in England American hams, such commodities as cheese, fruit, flour and other articles are vended as products of Great Britain. In fact, John Bull looks with alarm upon the increasing invasion and inquiries where it will end. Even as regards one of the firmest props of his industries he is alarmed by the reports of statisticians. His coal is becoming exhausted, and of course growing higher in price, and the proposed coal trust will carry it still higher by contracting the production. The miners are alarmed and will fight the mine owners.

Some pessimistic financiers foretell a speedy panic in London. The nitrate schemes are especially looked upon with suspicion and many holders are withdrawing at a loss. The project to form a combination of tinplate manufacturers to control the price and amount of production received a check when on the point of consummation by the receipt of private reports concerning the tin mines discovered in Dakota.

While many of those interested in the proposed combination look at the stories of their richness as exaggerated or altogether untrue, prudence demands a further investigation. One Jewish capitalist is known to have invested heavily in the Dakota fields on the strength of reports sent to him by a relative in America and the amount of money he has at stake is enormous.

The mines of Cornwall are worked with ever increasing difficulty and expense. The Banca deposits are the only others of known value and the product of this distant Malayan district is uncertain. The South Wales and Worcestershire tin plate makers look with alarm at the possibility of having to contend with factories established in the heart of the country which is by far their best customer. It may be looked upon as certain that if the situation proves to be as critical for them as it now seems they will make a desperate effort to gain control of the Dakota mines at any cost.

### The Austrian Emperor and Empress.

NEW YORK, March 29.—A special to the World from London says: My Paris correspondent writes: "I met at the Elysee a friend who had just arrived from Pesth. He told me that Emperor Francis Joseph has become an old man, bowed down, and with a snowy head, moustache and whiskers. The empress strove heroically for some weeks, against the misfortune that came upon them both; beginning to collapse, she was ordered to Corfu. She has refused, however, to leave the emperor, whose moral energy is not equal to hers. But she must soon place herself again under Dr. Metzger, for she is threatened with a kind of paralysis that proceeds from the hardening of the cords of the spine."

### Suicides at Monte Carlo.

PARIS, March 29.—Twenty-one suicides occurred at Monte Carlo during January and February and several are reported to have taken place during the present month. This season is considered to have been thus far the most prosperous in the history of the Casino, the winnings of the bank in February alone having been \$750,000.

### Riot in Church.

ROME, March 29.—An enormous crowd assembled at the church of San Carlo to-day to hear the famous preacher, Father Agostino. Several persons insulted the preacher and a riot ensued. Many arrests were made.

### Chinese Have a Railway Disaster.

### Foreign Notes.

The Hon. Patrick Fraser, judge of the outer house of the high court of justice of Scotland is dead.

In a duel with swords between the Paris journalists, Foucher and Lissagary, the former was seriously wounded.

The Austrian emperor and empress have abandoned the usual Maunday-Thursdays ceremonies owing to the illness of the empress.

Mr. J. MacDonald Cameron, Liberal member of parliament for Wick, Scotland, sailed Thursday from South Hampton for New York on the steamer Lahm.

The last steamer belonging to Capt. Wismann's East African expedition sailed from Hamburg for Zanzibar with a number of officers connected with the expedition.

The Baltic timber yard, near Buckingham palace was destroyed by fire Thursday. Several firemen were injured by the fall of a huge pile of lumber. The damage is said to be £60,000.

Lord Mandeville was Thursday pronounced

bankrupt by the bankruptcy court. The court also decided to begin criminal prosecution against Lord Mandeville, because of the false affidavits made by him.

Deposits of gold have been discovered in the province of Oberschlesien, and samples of the ore have been forwarded to Berlin for the purpose of obtaining a concession from the government to work the mines.

Count Hoyas, the trusted friend of the late Crown Prince Rudolph, is said to have fought a duel with and shot Count Baltazzi, uncle of the late Baroness Vetzora, whose death was associated with that of the crown prince. The duel is said to have been fought at a village in the south of France.

The court of queen's bench has decided that Ignatz Reinitz, recently arrested at Liverpool on the charge of swindling the Commercial National bank, of New York, in filling in checks for amounts larger than the sums he was authorized to draw, committed forgery, and refused to grant a writ of habeas corpus.

### THE SMITH-MITCHELL FIGHT.

It Will Take Place in a Few Days—Other Sporting News.

NEW YORK, March 29.—The following cablegram has been received from London by The Police Gazette:

The match between Jem Smith and Charley Mitchell, the champion of England, will take place in a few days, and will probably be private, as a number of the members of the Victoria, Turf, Pelican, Alberta, Beaufort and the National clubs offer to pay £25 and £50 for tickets. Mitchell, who has been training under Jack Hawkes and Charley Rowell's mentorship at Newmarket, is in first class condition, but his right hand is giving him considerable annoyance.

Kilrain has joined Mitchell, and will assume charge of his training until Smith next. There is considerable betting being done, and Smith, owing to Mitchell's injured hands, is a big favorite, but shrewd bookmakers, such as Ben. Hyams, Arthur Cooper and Tom Andrews, are backing Mitchell. Ballock has not been engaged by Smith, and it is expected Kilrain and he will second Mitchell and Jack Harger and Jack McGarran second Smith. Mitchell is in favor of Angle, who was referee when Pritchard fought Jem Hayes. It is estimated over £10,000 has been laid on the result, posted with the Sporting Life. Mitchell weighs nearly 168 pounds and Smith 196 pounds. Both men will be that weight when they meet in the ring.

### Needham Challenged.

MINNEAPOLIS, Minn., March 29.—Jimmy Griffin, a light-weight pugilist of Duluth, has challenged Danne Needham, the winner of the Needham-Gilmore fight, for a fight to a finish with skin gloves. Needham will accept, and will accept any challenge from any light-weight pugilist in the world. Gilmore says that Needham's rushes are well nigh irresistible. He believes Needham the equal of any living light-weight.

### The American Ball Players.

DUBLIN, March 29.—The American base ball teams sailed from Queenstown for New York on the steamer Adriatic. The Americans received an immense ovation at their departure. They are greatly elated over their visit to Great Britain, and express themselves as certain that English sport lovers will adopt the game of base ball.

### Ohio Legislature.

Senate—Bills passed: Providing for the payment by assignees of taxes as prior liens; authorizing Cincinnati to construct a viaduct over Mill creek. Bills introduced: To allow justices of the peace \$300; making unpaid water rents a lien on property; to prevent giving passes to members of the legislature; taxing salaries of state officers; a woman suffrage amendment to the constitution. The Australian system of voting bill was lost on passage.

House—Resolution adopted: To adjourn April 8. Bills passed: Preventing gifts by school book men, and prohibiting a father or brother from hiring a teacher; requiring secretaries of building and loan associations to make sworn statements; providing for printing trial dockets; to secure service upon corporations having no directors, officers or agents in this state; requiring that when a person pleads guilty to a misdemeanor before a justice of the peace the penalty shall be imposed; authorizing township trustees to purchase revised statutes for justices of the peace. Bills introduced: To advertise proposed amendments to the constitution; compelling electric light companies in Cincinnati to put their wires under ground.

### Detroit Beer Gutted.

DETROIT, March 29.—C. W. Voigt, doing the biggest beer brewing business in Detroit, has succumbed to the blandishments of the agents of the English brewing syndicate and given an option on his plant. Michenerfeld & Company, Charles Endress and Jacob Mann & Company have also stated a price at which they will sell their breweries. The aggregate amount is \$500,000. The bargain includes the agreement of the breweries to take one-third of the purchase price in stock, and the proprietor agrees to manage the brewery for three years, for which he will receive a salary.

### Will Pipe Gas, Law or no Law.

LOUISVILLE, Ky., March 29.—Half a dozen companies that have leased lands and sunk wells some months ago in the Indiana gas fields, have united to construct a pipe line to the city, and millions of cubic feet will be brought to Louisville within two weeks. The Indiana legislature recently passed a bill to prevent any gas from being piped out of that state, but the gas people will pay no attention to the law, holding that it is unconstitutional.

### War in the Gold Mines.

LOS ANGELES, Cal., March 29.—A message received here Wednesday night says a serious riot is occurring at the new Santa Clara gold mines, Lower California. The trouble began in the new placer field over rich quartz lodes discovered and claimed by both Mexican and American miners. One American and two Mexicans have been killed. Governor Torres is hurrying to the scene with Mexican cavalry.

# DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
**ROSSER & MCCARTHY,**  
 Proprietors.

FRIDAY EVE., MARCH 29, 1899.

The Prohibitionists of Fleming County are in the field with a nominee for the Legislature. His name is W. B. Evans, and he hails from Plummer's Landing.

BROTHER HAVENS, of the Dover News, thinks it rather strange that the west end of the county can't scare up a candidate. It does look like the West-enders are not office-seekers.

The twenty-fifth volume of the Kentucky Reports of the decisions of the Court of Appeals is now ready, and for sale by the State Librarian, instead of the Secretary of State, as was the custom in the past.

The Legislature of Ohio has passed a bill requiring Township Trustees to furnish themselves and each Justice of the Peace a copy of the Revised Statutes. It will cost throughout the State about \$55,000, and is said to be a job in the interest of certain publishers.

The statement comes from Washington that 3352 appointees of former Republican administrations retained their places under Cleveland. These were paid over \$4,400,000 per annum in salaries. And yet some Republicans insist that Cleveland was not a civil service reformer.

THERE are four vacancies in the City Council of Ripley to be filled at the election next Monday, and there promises to be as lively a fight as that a year ago. Local option is the one question at issue, and both sides are preparing for the fray. The "dry" ticket is composed of J. A. Stivers, W. T. Yearley, W. B. Campbell and Al White.

THE Augusta Republican died this week at the age of "two years, four months and three days." Brother Morris says the death was caused by "the post-office struggle and its complications, an inability to collect outstanding accounts, and in order to make his word good, (which has been considered a bluff by those high in the party)." He will resume his old position on the Chronicle next Monday.

THE papers all note the arrival of Colonel Wm. O. Bradley at Washington City, and state he does not intend to ask President Harrison for any office. The Colonel is on high horse it seems, and no doubt considers it beneath his dignity to join in the scramble for "pie." All the same we are confident he would like to receive a nice, great big slice. The Kentucky brigade should see that it is handed to him on a silver waiter.

As THE Kentucky Historical Society, organized and opened in 1882 with great promise of fruitful yield in historic inquiry and mementoes of State interest, was finally abandoned in its purpose for want of an annual appropriation by the Legislature, Governor Buckner has directed that the room set apart for the society in the third story of the State house be closed and the collection of relics and various papers of family histories be confined to the keeping of the State Librarian.

THE True American says: "While pious Wanamaker will run the business end of the postoffice department, First Assistant Clarkson will apply the practical politics. Clarkson's idea of practical politics may be inferred from the fact that he was Quay's representative in the purchase of the stolen subscription lists of the Prohibition journal, the Voice, and Quay's tool in sending out anti-prohibition documents to the subscribers of the Voice. It is unnecessary to say that Clarkson's great animating purpose will be the turning of the rascals out of the postoffice and mail routes of the country."

Twenty-seven dwelling houses and nine store houses are under construction in Paducah.

Almost every Kentucky town seems on a boom that is the legitimate result of natural causes.

A new planing mill company with capital sufficient to carry on a large business has been organized at Henderson with H. Klymeier as President. The company will build at once and equip their mill with the finest machinery.

### Worse Than Snobbery.

[Frankfort Capital.]

There is no snobbery like that which is current in the United States. For instance, one of the fellows who dishes up Washington news for the press telegraphs his paper as follows:

Mr. John C. New went to drive with the President on Saturday afternoon at 4 o'clock, dressed with him at 6:30, smoked with him from about 7:30 to 10, and then walked over a good portion of the City of Washington with him before he went to bed. Mr. New was so tired out by the tramp the President gave him that he did not get up until a few church time Sunday morning, and so failed to keep an engagement he had to accompany the Chief Magistrate to the sanctuary. Although his legs were still tired, Mr. New's mind was as bright as ever, and his friends seldom see him as good natured as he is to-day.

There is but one thing lacking to the perfection of this picture. It should have been stated who Mr. New slept with Saturday night, and whether or not he snored.

### In Custody on a Serious Charge.

Henry Coleman, a colored blacksmith at Minerva, was arrested yesterday by Marshal Hefflin on a warrant issued by Judge Coons, and lodged in jail. Coleman is charged with robbing James Hiatt, an old farmer living near Minerva, of nearly \$200. The offense was committed a month or so ago. Mr. Hefflin has been working on the case for several days. The accused will be given a preliminary trial to-morrow morning at 10 o'clock.

Hiatt was robbed of a large sum of money a year or so ago, and the guilty parties have never been arrested.

## THE PUBLIC LIBRARY.

Entertainment to be Given to Raise  
Funds for Contemplated Im-  
provements to the  
Building

A public meeting was held at the Con-  
cili Chamber yesterday afternoon at 4  
o'clock in the interest of the Public  
Library.

The meeting was in response to a call  
issued by the Board of Directors of the  
Maysville and Mason County Historical  
Society.

Mr. J. G. Hickman was called to the  
chair. He stated that the object of the  
meeting was to make arrangements for  
raising funds to complete some improve-  
ments in the library building on Sutton  
street. The Directors contemplate putting  
in galleries and arranging two reading  
rooms, one on the first floor for ladies  
and one above for gentlemen. A small  
amount of money has been raised for this  
purpose, but much more is needed. To  
raise the necessary funds, it has been de-  
cided to have an entertainment at the  
opera house on the 15th of May.

This entertainment is to be of a liter-  
ary and musical character. Hon. W. H.  
Wadsworth has been requested to de-  
liver an address, and a fine musical pro-  
gramme is to be rendered under the su-  
pervision of Dr. J. T. Strode and Miss  
Sara P. Wilkins, the latter of Hayswood  
Seminary and Director of the Musical  
Club.

Messrs. John Holton, William E. Shack-  
elford and L. W. Gaubraith were ap-  
pointed an executive committee to ar-  
range committees of ladies in each ward  
of Maysville and in the county precincts to  
canvass the city and county and sell tick-  
ets for the entertainment.

Rev. R. B. Garrett and Messrs. W. D.  
Hixson and W. P. Campbell were ap-  
pointed a committee to publish such facts  
as will be necessary to inform the people  
of the requirements of the library, and  
to awaken an interest in the matter.

A resolution was passed inviting and  
urging Hon. W. H. Wadsworth to deliver  
an address at the appointed time.

The meeting then adjourned. Another  
meeting will be held April 5th at 4 p. m.,  
to hear reports from the various com-  
mittees and transact other business.

## Base Ball.

As the East-enders cannot muster up  
sufficient courage to meet us in battle array,  
we have made arrangements to play a game  
with a nine picked from First and Second  
wards. We do not expect to put up a perfect  
game, but if greeted with a moderate crowd,  
will do our best to give a good exhibition of  
the national game. Game called at 2:30 to-  
morrow afternoon at grounds near depot.

## "PICKED NINE."

We are authorized to state that the  
East-enders will play the "Picked Nine"  
for a purse of \$100.

## Stock, Field and Farm.

Colonel R. G. Stoner, of Paris, has sold  
the chestnut colt, Goodell, for \$3,000.

Thomas Clay, Mt. Gilead, raised 1,236  
pounds of tobacco on three-quarters of  
an acre of land and sold it for \$100.

A correspondent of an exchange thinks  
8 cents a pound will be the top price for  
tobacco a year from now, if the acreage  
this year isn't largely reduced.

It is evident from the rate which 2:30  
trotters are multiplying that a few years  
hence, certainly within another decade,  
the 2:20 trotter will be as common as the  
2:30 one was ten years ago.—Exchange.

## The Railway World.

A palace car costs about \$12,000 com-  
plete.

THE Lexington council still refuses to  
submit to the voters of that city a propo-  
sition to donate \$35,000 to secure the C.  
and O. car shops.

It is said that by the first of May sev-  
enty trains will pass over the Cincinnati  
Division of the C. and O. daily—thirty-  
five each way.—Dover News.

Paris is quietly working to secure the  
K. C. shops. It is said that \$50,000 and  
a large tract of land—even the fair grounds  
if the company desire them—would be  
given to secure the shops.

Conductor James McKusker has charge  
of the Maysville accommodation now.  
He was recently employed on the North-  
ern Pacific. He is a genial fellow, hand-  
some, polite and accommodating, and is  
certain to please the people along the  
route.

The Greenup Gazette says: "Harry  
Wadsworth, of Maysville, came up the  
other evening, and next morning, ac-  
companied by Deputy County Clerk  
Charles Davidson, drove up near Russell  
to the residence of H. A. Mead. His visit  
to Mr. Mead was, as attorney, to close  
the trade for all that portion of Mr.  
Mead's land lying north of the C. and O.  
railroad. The trade was consummated,  
and Mr. Mead received a draft for \$32,-  
000 for that portion of his farm—160 acres  
more or less. We are informed that the  
land was purchased for the C. and O.  
railroad, although the deed was made to  
some man in New York City. It is said  
car shops will be put up on these lands.  
If this report is true it will give the town  
of Russell a boom that will push her out  
of recognition of her neighbors."

HON JOHN D. FLEMING, who was re-  
cently appointed District Attorney of Col-  
orado by President Harrison, has been  
visiting his father in Fleming County this  
week.

THE Legislature of Ohio has granted  
the Sovereign Grand Lodge of Oddfel-  
lows the use of a portion of the State  
House at Columbus during the session to  
be held next September.

AFTER spending several days at Cin-  
cinnati and attending the openings Miss  
Shea has returned with a beautiful line of  
spring millinery, which she cordially in-  
vites the ladies to inspect. m29d1t

THE Superior Court has affirmed the  
case of Sanders against Bright, appealed  
from Greenup. The case of the M. and E.  
S. Railroad Company against Warnock,  
from same county, was reversed.

ALFRED FENTON, a prominent silver-  
smith of Winchester, O., got hungry a  
few days since and ate three dozen eggs  
for supper. He ought to be sent a few  
of those big Mayslick nine-ounce goose  
eggs.

"PURE as crystal" is a synonym of the  
highest excellence. Ballenger's specta-  
cles and eye-glasses are literally "pure as  
crystal." Being made from minute crys-  
tal pebbles, they have an unequalled  
hardness and brilliancy.

If you want a baby buggy go to Henry  
Ort's. He has the very best and is not  
to be undersold. Look at his splendid  
stock, and while at his store just gaze on  
the fine furniture he now has on hand,  
from the cheapest to the most elegant.

CAPTAIN P. B. WINN and L. H. Long,  
Jr., who are students at the D vs  
School, La Grange, N. C., have favored  
the BULLETIN with an invitation to the  
athletic games April 11th and 12th.  
Captain Winn will officiate as one of the  
judges.

JUDGE GEORGE M. CAMPBELL and Miss  
Mattie J. Berry, both of Fleming County,  
were married at 3 o'clock yesterday after-  
noon at the residence of the groom's  
sister, Mrs. Robert A. Hildreth, of West  
Second street. Rev. D. A. Beardsley  
officiated.

MISS ALICE, oldest daughter of Mr. A.  
H. Parker of Vanceburg, died this morn-  
ing, of consumption. She was about  
twenty years of age. The remains will  
be brought here on the C. and O. early  
train to-morrow for interment in the  
Maysville Cemetery.

JUDGE COONS received this week from  
the Maysville and Big Sandy Railroad  
Company 1,000 shares of its stock of the  
value of \$50 each, and has turned the  
same over to Circuit Clerk Parry, County  
Treasurer. The stock was issued in re-  
turn for the county's subscription of \$50,-  
000.

JOHN STAIRS' barn near Rocksprings,  
Bracken County, was destroyed by fire  
one evening this week, together with 1,-  
000 bushels of corn, one cow and 8,000  
pounds of tobacco. The cow and 500  
bushels of the corn belonged to Stairs,  
while the tobacco and the rest of the corn  
was the property of Benton Clark. There  
was no insurance. Clark is a brother of  
Mrs. J. V. Lytle, of the West End.

THE Lexington Transcript says: "Editor  
Roberts rode the Oddfellows' goat  
Tuesday night. It is said that next to  
Editor Havens he made the finest appear-  
ance on the fiery and untamed animal  
ever made by any man in Kentucky.  
And when he came in on the "home  
stretch" and saw himself as others saw  
him, he (the editor, not the goat) was so  
highly impressed with his appearance  
that he smiled a sweet and sainted smile."

Messrs. A. C. Ball and Charles Clarke,

Rev. H. P. Walker, Presiding Elder of  
the Lexington District, M. E. Church,  
South, left for home this morning, after  
a short visit to Rev. D. A. Beardsley.

The Lexington Leader says: "Mrs.

day morning for Killarney, Florida, to

## ANOTHER WONDER

### The New Torpedo Boat Now Building at Bristol, R. I.

HER SPEED WILL EQUAL, IF NOT EXCEED, THAT OF THE VESUVIUS.

Description of the Death-Dealing Little Craft—Pennsylvania's Governor Assaulted by a Retired Army Officer. Newly Appointed Officials Assuming Their Duties—National Notes.

WASHINGTON, March 29.—A dispatch from Bristol, R. I., says:

The work on the new torpedo boat for the navy is fast nearing completion, and the Herreshoffs expect to have it ready for trial during the coming May. Its hull is all in place, and the turtle-back shaped deck is finished except the fitting of a few more steel plates.

The government demands that this vessel shall make twenty knots an hour on the official trial. At the time the contract was signed the Herreshoffs estimated the boat's speed for the trial run at twenty-three knots an hour. Naval officers confidently believe that this new torpedo boat will prove as great a wonder as did the Vesuvius.

The boat is 137 feet in length, has a beam of 14 feet and 6 inches, and a depth of hold of 8 feet. Its draught will be 3 feet and 7 inches. As it will lie in the water it will present only three feet of free board along its whole hull, save at the forward part, where the whale-back deck will have a rise of some feet from the water's edge. The chances are that the long craft will go right through the sea like a swordfish, without waiting to mount the waves.

She is to carry a secondary battery of two six-pounder rapid fire guns, presumably to be mounted somewhere on her turtle back.

#### Pulled His Nose.

WASHINGTON, March 29.—The trouble between George A. Armes, a retired officer of the army living in this city, and those having charge of the Harrison inaugural parade culminated Wednesday afternoon in a scene in the rotunda of the Riggs house. About 4:30 Maj. Armes walked into the hotel, and, after a few words, pulled the nose of Governor Beaver of Pennsylvania.

The governor was not hurt, but he was angry, and, standing himself against the hotel counter, he seized his crutch, which serves him in place of one leg he left behind during the war, and aimed an ugly blow at his enemy. Armes dodged the blow and it struck one of the pillars of the hotel rotunda. A second blow also missed its mark, and Capt. Hewes, the hotel policeman, rushed up, attracted by the noise, and placed Armes under arrest. Armes was released by direction of the hotel manager, however, and escorted out of doors exclaiming: "I pulled his nose, anyway."

#### New Officials About to Start In.

WASHINGTON, March 29.—Messrs. Bachelor and Tichenor, assistant secretaries of the treasury, will assume their new duties Monday next.

Messrs. Thompson and Maynard, incumbents, will sever their official relations with the department Saturday afternoon.

Mr. Byrnes, the new appointment clerk, will also take hold Monday.

Mr. Youmans will remain as chief clerk until April 15, when he will be relieved by Mr. Brackett.

Mr. Mason, commissioner of internal revenue, has returned to Washington from a visit to his home in West Virginia, and will take the affairs of that service under immediate consideration.

It is expected that most of the present bureau officers will be relieved next month.

#### Appointments.

WASHINGTON, March 29.—The president has sent to the senate the following nominations.

Cassius M. Barnes, of Arkansas, to be receiver of public moneys at Guthrie, Indian Territory.

John I. Dille, of Indiana, to be register of the land office at Guthrie, Indian Territory. Charles E. Monteith, of Idaho, to be agent for the Indians of the Nez Perce agency in Idaho.

And a number of postmasters.

Power of a Congressman's Signature.

SCRANTON, Pa., March 29.—The removal of Dr. W. Connolly, the Democratic Postmaster at Scranton, by the president was done at the instance of the congressman from Scranton, Connolly, whose commission would expire next January, refused to resign, and the congressman preferred charges against the management of the office. The president decided that such charges over the signature of congressmen are sufficient for the removal of postmasters.

#### President Harrison's Envelope.

WASHINGTON, March 29.—President Harrison received his first month's salary Wednesday. It amounted to \$3,888.88, and was delivered to him in the form of a treasury draft. It was for the month of March, minus the first three days. Mr. Cleveland received the president's salary for that portion of the month.

#### New Confirmed.

WASHINGTON, March 29.—The senate has confirmed the nomination of John C. New, to be consul general at London.

#### Opposition to Halstead.

WASHINGTON, March 29.—The opposition to the nomination of Murat Halstead to be minister to Germany has developed more strongly. There were seven Republican senators who felt hurt at the criticisms passed upon them for supporting Senator Payne during the contest over his election in the senate. Some of these senators still hold a grievance against Mr. Halstead and friends of the administration say that if Mr. Halstead is confirmed it will be by Democratic votes.

#### Halstead's Appointment.

New York, March 29.—The opinions of the New York press is divided in reference to the appointment of Murat Halstead, of Ohio, as minister to Germany.

The Tribune has nothing to say editorially.

The World says he has atoned for the abuse he gave his party in the past.

The Press says he is just the man for the place.

The Sun says his confirmation is doubtful owing to his attacks upon the Republican senators in the past.

The Times says his nomination will not be confirmed.
